EDUCATION

HSC

2020-2021
E.R.K HR SEC SCHOOL.
Percentage - 86%

COLLEGE

2021-2025
RVS COLLEGE OF ENGINEERING AND
TECHNOLOGY.

- Bachelor of Engineering
- CGPA - 7.8

SKILLS

- Html,Css,Bootstrap,Javascript
- C Programming
- Java Basics
- MS Office
- Problem solving and Teamwork skills
- MYSQL

LANGUAGES

- ENGLISH
- TAMIL

PROFILE

I am a passionate and driven individual with a strong foundation in Computer science engineering. Throughout my academic career, I have consistently pursued a deep understanding of fundamental concepts such as C programming and Front end development like HTML,CSS BOOTSTRAP AND JAVASCRIPT

WORK EXPERIENCE

INTERNSHIP

- FRONT END DEVELOPMENT - EZIO SKILLUP ACADEMY
- JAVA DEVELOPER - ELYSIUM ACADEMY (1 MONTH)

WORKSHOP

- HANDS-ON TRAINING IN ETHICAL HACKING AND CYBER SECURITY
- PROMPT INFOTECH PVT LTD

PROJECT

1. MACHINE LEARNING - BASED APPROACHES FOR PREDICTIVE MODELING OF FLOOD AND LANDSLIDE HAZARDS: A MULTIVARIATE ANALYSIS FRAMEWORK

- This framework uses machine learning and multivariate analysis to predict flood and landslide hazards, integrating diverse data and advanced models for improved disaster preparedness. It covers data acquisition, model training, evaluation, and operational deployment.

2. BAKERY WEBSITE

- Angel's Bakery website uses basic web technologies for its online presence, likely including HTML, CSS, and potentially JavaScript for displaying content, styling, and basic interactivity.
